## DVNLP relies on lying Managing Director

*Thies Stahl, on 19.01.2018, update on 17.01.2020<sup>1</sup>*

On the Facebook page of the DVNLP regional group Baden-Württemberg, the spokeswoman of this group, Susi Bayer, spread this message on 08.01.2018, which was removed on 19.01.2018<sup>2</sup>:

*"Words from the office of Berend Hendriks: "On [such an original] occasion (mail from Thies Stahl to the members of the DVNLP) we refer here to the final declaration of the executive committee on the exclusion of Stahl:*

*<http://www.dvnlp.de/mitglieder/abschlusserklärung-stahl/>. Stahl's statements are still the subject of a lawsuit by the DVNLP against Stahl.*

If Ms. Bayer quoted DVNLP managing director Berend Hendriks correctly, the DVNLP is officially spreading three lies:

### 1. Lie: Stahl would have been excluded

I resigned from the DVNLP in April 2015. I was confronted with the fact that the DVNLP had transformed itself into a perpetrator and follower association with a corrupted separation of powers, incompetently led by a fascist-totalitarian acting executive committee representing a stupidly born-again double moral.

### 2. lie: The "final declaration" would still be on the net

The link to the "final declaration" published on 22.09.2015 in the member area of dvnlp.de can of course not work, not even if you are logged in<sup>3</sup> as a DVNLP member, because the executive committee had to remove this final declaration from the net after an intervention of my lawyer in autumn 2017. This statement, with the false assertions and lies<sup>4</sup> it contains, had been presented by the executive committee to the association's public on dvnlp.de for two full years.

But: The net message, "*Exclusion of Stahl*", reached - as a lie - all readers: Even though they might have been annoyed that the DVNLP managing director was once again sloppy, i.e. no matter whether they followed the "broken link" or not, and also no matter whether they could not even read the (non-existent) final statement of the board of directors: as a hypnotically used pre-supposition they will have accepted the perception of reality sold to them in this way, Thies Stahl was excluded.

This lie spread by the managing director of the DVNLP is supported by the fact that the board of directors does not dare to make a statement on the resignation of its founder - especially not one which the board of directors had promised several times to publish together with me.

### 3. Lie: Statements made by Stahl would 'still' be the subject of an action by the DVNLP against Stahl

The DVNLP has failed in court with its two lawsuits against me: See the judgement to lift the "temporary injunction"<sup>5</sup> (of course the 2014 general meeting of the DVNLP was deceived and manipulated by the board of directors!) and the groundbreaking "Nazi settlements" judgement<sup>6</sup> on my article my article "*DVNLP deserted by all good spirits?*"<sup>7</sup>.

### The DVNLP executive committee and its "man for the rough"

Since he himself has certainly taken the aforementioned final declaration (it was available on dvnlp.de from September 2015 until autumn 2017 [!] slandering me) off the net, DVNLP managing director Berend Hendriks<sup>8</sup>, was of course fully aware that the link he and DVNLP regional group spokeswoman Susi Bayer had passed on to the public would lead nowhere. Together with Ms. Bayer and the board of directors, he will have cunningly assumed that most DVNLP members would find the effort of

See also: "*The Perverse Triangle as a Recursive Pattern in the DVNLP*", "*Violence, Abuse, Double Morals and the Return of the Repressed in the DVNLP*", "*The NLP and the Mad. <sup>8</sup> The fan of the Hallig Oland (a very small island in the north sea), Berend Hendriks, since his employment as DVNLP managing director, he is presumably a Wikipedia user "halligoland" and also takes care of the DVNLP page at Wikipedia, which was set up by this user at the time of his employment. Occasionally "halligoland" was also an unwelcome vandalism guest on the "Thies Stahl" Wikipedia page (see *Are you "halligoland", Mr. DVNLP managing director Berend Henriks?*).

logging into the closed member area<sup>9</sup> of *dvnlp.de* too high and would therefore assume (as would the rest of the NLP-interested Facebook public) that the "final declaration" was still on the net. At least that's what the final tip of the spokeswoman of the DVNLP regional group Baden-Württemberg, Mrs. Bayer, says in her message of January 8th, 2018 on the group's Facebook page: "*To read it, please log in on the DVNLP page or simply delete the mail* [sent by Thies Stahl to all DVNLP members on January 7th, 2018]. *Your time is more valuable than the* [so in the original] *you spend on it.*"

So the DVNLP executive committee is still publicly spreading the lie that I have been expelled in the 2014 general meeting, which it manipulated and deceived, with the help of its "man for the rough", Hallig-Oland Hendriks, and in connection with a criminal "Ignore Stahl!" appeal by the DVNLP leadership.

According to the feedback I receive from the association environment, this is not an isolated case as a communication to the members and the DVNLP regional and specialist groups, but probably just a stupid industrial accident - since Mrs. Bayer did not (only) pass it on orally, but published it on Facebook.
